Senior High-School 2017-2019
Computer System Servicing Strand
Jose Rizal University

College 2019-2023
Bachelor of Science in Information Technology
Dean's Lister and Academic Achiever (2019-2023)
Rizal Technological University - Boni

SKILLS

- Knowledge in coding web developing languages such as HTML, CSS, PHP, JavaScript and TypeScript.
- Knowledge in different libraries and frameworks such as ReactJS, Tailwind CSS, Vite and Nextjs.
- Making responsive websites for desktop, laptop, tablet and mobile.
- Experience in making whole web system design,
- Detail oriented.
- Can adapt to different types of website such as modern or minimalist design.

OBJECTIVES

My objective is to contribute to your company by creating a reusable code base and a clean web design. I am focused on continuous learning each day in order to adapt to innovation. My goal is to grow with your company by gaining experience and knowledge from seniors. I am also aiming to share my existing and future knowledge with those who are passionate about learning. I am always open to new learning and opportunities to grow as a developer.
